PROFESSIONAL SUMMARY

Beginner-level Python Developer with strong interest in software development and problem-solving. Skilled in Python fundamentals, object-oriented programming, and database management. Hands-on experience building academic projects such as Student Record and Library Management Systems. Eager to apply technical skills in a growth-oriented organization.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, C++, HTML, CSS
- **Database:** MySQL, PostgreSQL
- **Tools & Technologies:** Git, Jupyter Notebook, MS Office
- **Core Concepts:** OOP, Data Structures, SQL Queries

KEY PROJECTS

Personal Portfolio Website

HTML, CSS, JavaScript

- Designed and developed a responsive personal portfolio website to showcase projects, skills, and professional information.
- Implemented clean UI design and deployed using GitHub Pages for public access.

Student Record Management System

Python, MySQL

- Developed a system to efficiently store and manage student information.
- Implemented CRUD operations such as Add, Update, Delete, and Search using Python and database integration.
- Applied object-oriented programming concepts to improve code structure and maintainability.

Library Management System

Python, MySQL

- Built a system to manage book records including Add, Issue, Return, and View operations.
- Integrated MySQL database for secure and efficient data storage and retrieval.
- Ensured smooth functionality through structured query execution and validation.

EDUCATION

Bachelor of Computer Applications (BCA)

Savitribai Phule Pune University

2023 – Present

SGPA: 8.50

Higher Secondary (12th)

2021 – 2023

83.50%

Secondary School (10th)

2020 – 2021

81.00%

CERTIFICATIONS

- **Python for Everybody – Coursera (Pursuing)**
